Aromas are accompanied by high acidity and flavors of apricot, nectarine, apple, pear, lime and Meyer lemon. **Pairs well with spicy foods such as spicy chicken wings, barbecue sauce, cayenne pepper seasonings, shellfish, chicken and pork**

## Pinot Gris (Grigio)

Pinot Gris (Grigio in Italy) is the grey sibling of Pinot Noir and Pinot Blanc. With light body and high acidity Pinot Gris brings flavors and aromas of lime, lemon, pear, white nectarine and apple. Depending on where it is grown these wines will have floral and honey aromas as well, and give a light saline-minerality. Italian versions are typically bone-dry, while US and French versions are dry but more fruit-forward. **Pinot Gris pairs well with fresh and raw vegetables and salads, white fish and shellfish. Typically avoid pairing with spicy foods due to the uncomplimentary high acidity.**

# Zinfandel

Although 85% of Zinfandel grown is used to produce “White” Zinfandel (the sweet, low alcohol rosé wine), California “Red” Zinfandel has become the quintessential all-American wine. Although it is a light to medium bodied wine like Pinot Noir, it’s high acidity and alcohol give it a riper, richer, darker, juicier and full-bodied taste. Dominant flavors are strawberry, blackberry, clove and cinnamon with a spicy black peppercorn finish. **Pair with beef tenderloin filet, pork ribeye, banger sausage, andouille sausage, shepherd’s pie, bangers & mash, flourless chocolate torte**

# Dessert Wines

Sweet white wines allowed to age late into the harvest season, and in some cases even freeze on the vine have concentrated sugars and flavors. Some fall victim to “Noble Rot”, or Botrytis, which further concentrates the density of sugar and flavor. Red dessert wines are usually fortified with brandy to stop fermentation and maintain their sweetness. **Pair with sweet desserts, dense chocolate, fruit compotes, bleu cheese**
